

EAST LAKE ARTHUR FIELD

00-869

LEGAL NOTICE

STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Conservation Auditorium, 1st Floor, State Land & Natural Resources Building, 625 North 4th Street, Baton Rouge, Louisiana, at 9:00 a.m., on **TUESDAY, DECEMBER 19, 2000**, upon the application of **WATSON ENERGY, L.L.C.**

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of an Order pertaining to the following matters relating to the **Lower Camerina B Sand, Reservoir D**, East Lake Arthur Field, Jefferson Davis Parish, Louisiana.

1. To establish rules and regulations governing the exploration for and production of gas and condensate from the Lower Camerina B Sand, Reservoir D.
2. To create a single drilling and production unit for the exploration for and production of gas and condensate.
3. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit, with each tract sharing in unit production on a surface acreage basis of participation.
4. To designate a unit operator and a unit well for the unit so created.
5. To provide that any future replacement or alternate unit wells drilled to the Lower Camerina B Sand, Reservoir D, should be exempt from the spacing provisions of Statewide Order No. 29-E.
6. To provide that the Commissioner of Conservation should be authorized to reclassify the reservoir by supplemental order without the necessity of a public hearing if the producing characteristics of the reservoirs change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation.
7. To consider such other matters as may be pertinent.

The Lower Camerina B Sand, in the East Lake Arthur Field, Jefferson Davis Parish, Louisiana, is hereby defined as being that gas and condensate bearing sand encountered between the depths of 12,775' and 12,860' (ELM) in the Mississippi River Fuel - Boullion No. 1 Well, located in Section 37, Township 10 South, Range 3 West.

A plat is available for inspection in the Office of Conservation in **Baton Rouge** and **Lafayette**, Louisiana.

All parties having interest therein shall take notice thereof.

BY ORDER OF:

PHILIP N. ASPRODITES
